

Fed up with out of touch politicians?

Us, too. In 2009, South Carolinians felt the devastating effects of out of control government spending, frivolous lawsuits and ever increasing government regulation.

Thankfully, the South Carolina Club for Growth evaluates and grades the legislative voting records of our elected officials on taxes, spending and good government.

Below are the 2009 grades earned by local legislators:

<u>REPORT CARD</u>	
<i>Senator Greg Ryberg (R)</i>	<i>A+</i>
<i>Senator Shane Massey (R)</i>	<i>B</i>
<i>Rep. Tom Young (R)</i>	<i>C+</i>
<i>Rep. Jim Stewart (R)</i>	<i>C</i>
<i>Rep. Don Smith (R)</i>	<i>D</i>
<i>Rep. Roland Smith (R)</i>	<i>F</i>
<i>Rep. Bill Clyburn (D)</i>	<i>F-</i>

We would like to thank all of those legislators who received good grades and were a friend of the taxpayer in South Carolina.

Unfortunately, too many of our representatives earned bad grades. We need **YOUR** help in finding candidates to oppose and unseat those elected officials who aren't representing the taxpayers' best interest in Columbia.

Please help us by joining South Carolina Club for Growth – a network of thousands of South Carolinians, from all walks of life, who believe that prosperity and opportunity come through economic freedom. We work to promote public policies that encourage economic growth through legislative involvement, issue advocacy, research, training and elections.
