*based on record in House and Senate

2007 SC CLUB FOR GROWTH SENATE SCORECARD LEGEND

Budget/Spending Votes: 48%

- **2005 Budget Vetoes (15%):** We scored a vote to uphold the Governor's veto as the pro-growth vote for all 163 budget vetoes.
- **2006 (2%):** We scored a vote to uphold the Governor's veto as the pro-growth vote for all seven of the Governor's line item vetoes, as well as the veto of the overall budget.
- **2007 (4%):** We scored a NO vote to table the Ryberg Amendment to strip out the Competitive Grants programs from the budget, a NO vote to table the Ryberg Amendment to strip out funding for the Bean museum, and a NO vote on final budget passage as the pro-growth votes.
- **2007 Lard List (27%):** We scored a vote to uphold the Governor's veto as the pro-growth vote for all fifty items we had identified for our Lard List.

Tax Cut Votes

- **2006 (3%):** We scored proposals to give back an extra \$180M in either a rebate or an income tax cut as the pro-growth vote.
- **2007 (2%):** We scored NO Vote to table an amendment to increase the income tax cut by \$81M as the pro-growth vote.

Government Restructuring: 16%

- **Constitutional Officers (12%):** we scored a YES vote to eliminate each of the 6 offices proposed (and instead make them cabinet level officials) as the pro-growth vote.
 - **AdG:** Adjutant General
 - **CG:** Comptroller General
 - **Ed:** Superintendent of Education
 - **Ag:** Commissioner of Agriculture
 - **SS:** Secretary of State
 - **LG:** Lieutenant Governor.
- **DOT – Courson Amendment (1%):** we scored a YES vote for the amendment as the pro-growth vote. The amendment restored Executive Branch authority from the DOT Commission
- **DOT - Substitute Amendment (3%):** we scored a NO vote to table the amendment at the pro-growth vote. The amendment would have moved the DOT entirely under Executive Branch authority rather than leave a quasi-legislative agency in charge.

School Choice (15%): We scored a NO vote to table the school choice amendment as the pro-growth vote. The amendment would have given parents a tuition tax credit to send their children to private schools, and would have given tuition vouchers for parents whose children are trapped in public schools with a "D" or "F" designation.

Judicial (16%): we scored a vote for **Bruce Williams** for Supreme Court as the pro-growth vote, and a vote for Don Beatty as an anti-growth vote. The scorecard reflects the third and decisive ballot only. In 2006, we scored the election of Judge Gossett as the pro-growth vote.

Treasurer (+6% Bonus): we scored a vote to adjourn as a bonus vote, as we thought the process was flawed. We also scored a vote for **Greg Ryberg** as the pro-growth vote.
